

What is the Program!

Airway Broadband Customer Referral Program is our way of saying thank you for your confidence in our service. We want to thank you for the trust.

How Does the Program Work?

The program provides you with a credit against your account for every customer who signs up with us. In order to receive a credit the person signing up will have to sign up within 3 months of enquiry. The accounts department will create a discount voucher on the account and a credit will be posted to your account and applied to next billing cycle.

Who is eligible?

Only those existing customers who post referrals through the website http://www.airwaybroadband.com/customer_referral_program.php to Airway Broadband service are eligible to get a referral. Referral shall be given to only those enquiries which come through website, however in case new member being referred to, cancels the connection within 1 month then referral voucher will not be issued. The new member has to keep the connection for at least 1 month.

Is there a limit to the number of referrals?

There is no limit to the number of customers that you can refer. You can refer as many referrals as you wish.

How much credit will you receive?

You will receive a credit of 500 Rs. (Five Hundred Only) in your Broadband ledger account for each customer that signs up Airway Broadband.

When are credits applied?

Your account will receive a 500 (Five Hundred Only) credit after the customer that you referred has been installed for a period of one (1) months. This credit will be used to settle your broadband bills.

How are multiple credits applied?

If you have multiple referrals you will receive multiple credits per billing cycle for each customer. However in case your account turns negative billing then the same will be used for payment of next month. For example if you were to refer two customers in Jan you would receive two 500 Rs. credits in February. And in case your account balance is below zero then the same would be used to carry forward in next month. However please note that in this program credit will never be paid in cash or cheque or other than credit in your Broadband Ledger Account.
